The Lopez team, real estate brokers, has a program that helps us stand out as professionals and provide added value to our clients and our services. The Sutton Secur program, designed exclusively for brokers affiliated with Sutton Quebec, is an innovative legal-coverage program.

Sutton Secur ensures that our clients, buyers or sellers, are protected in the event of a latent defect, dispute or legal problem related to the purchase or sale of a home.

A certificate that has value to covers up to \$3,000 in legal fees and covers any issues that arise before, during, and after the transaction closes (depending on when the property is purchased) is given to our clients at the closing of the transaction.

The seller's certificate is valid for life or until fully used. The same applies to the buyer, as long as you own the home covered by the certificate.
